

SmartBeam

The Future of Benches has arrived

SmartBeam

Your Benches, enhanced

Seamless Integration

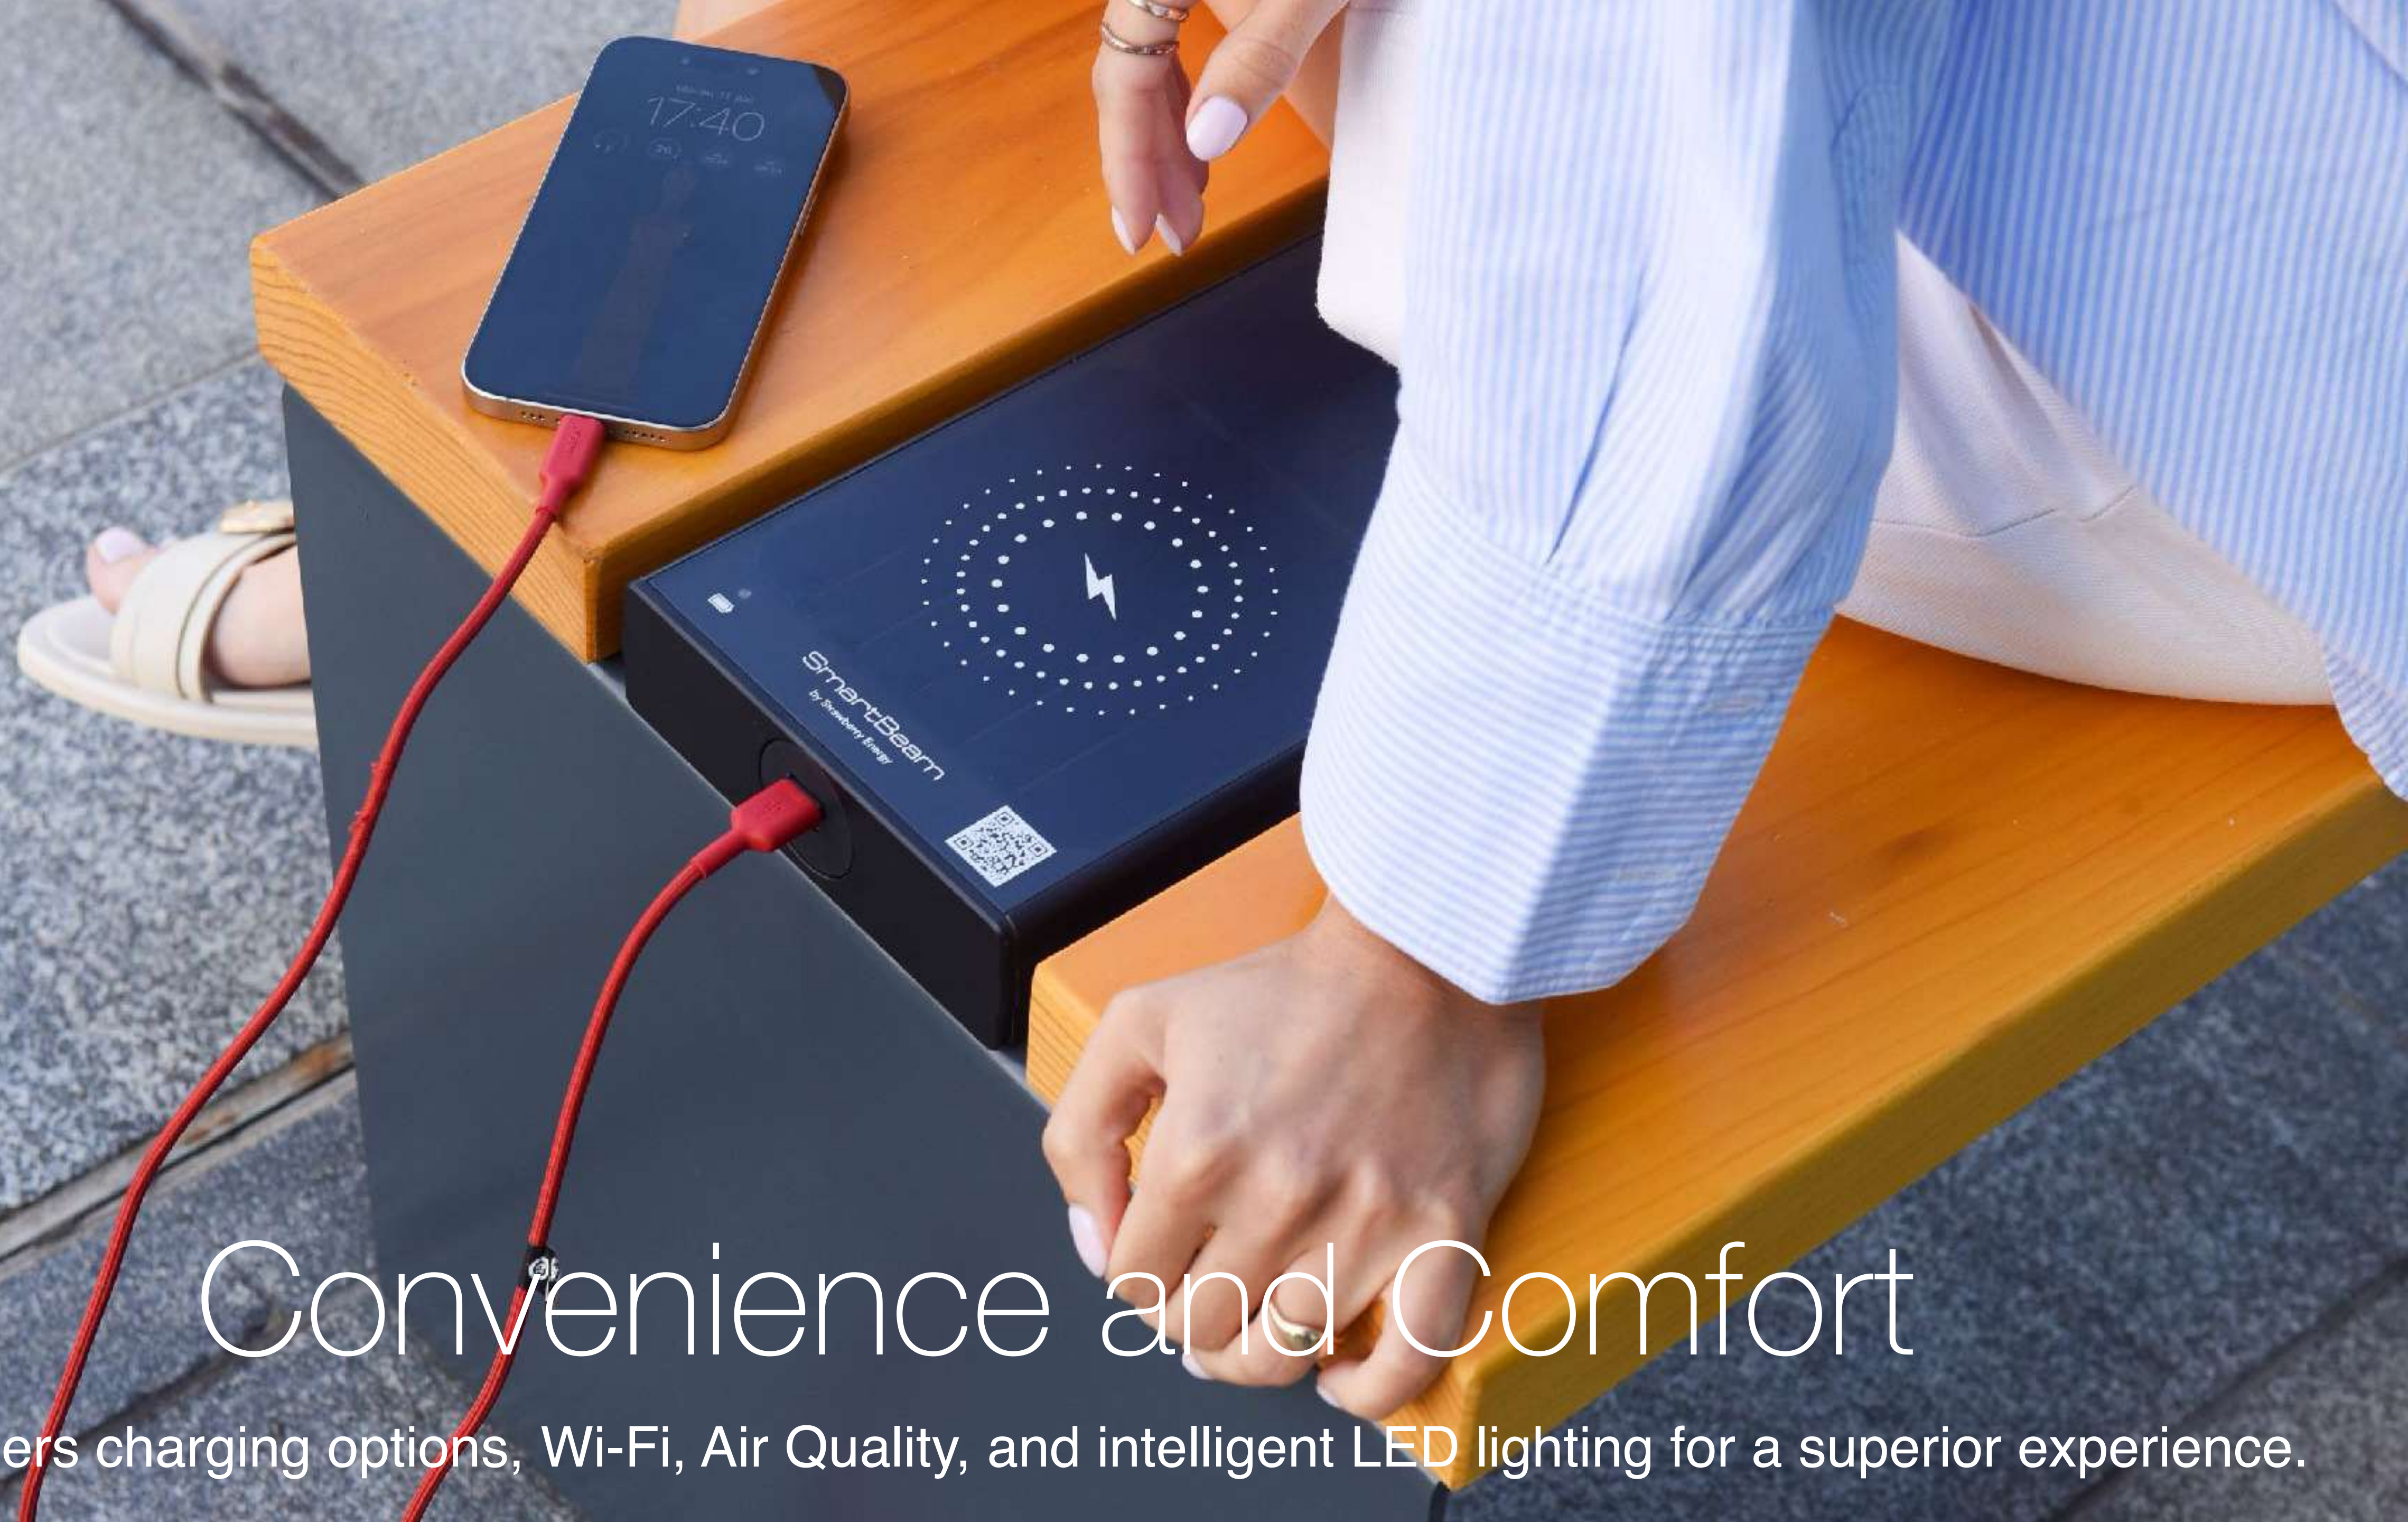

SmartBeam easily replaces an existing beam, preserving your bench's original design while adding smart functionality.

100% Solar.

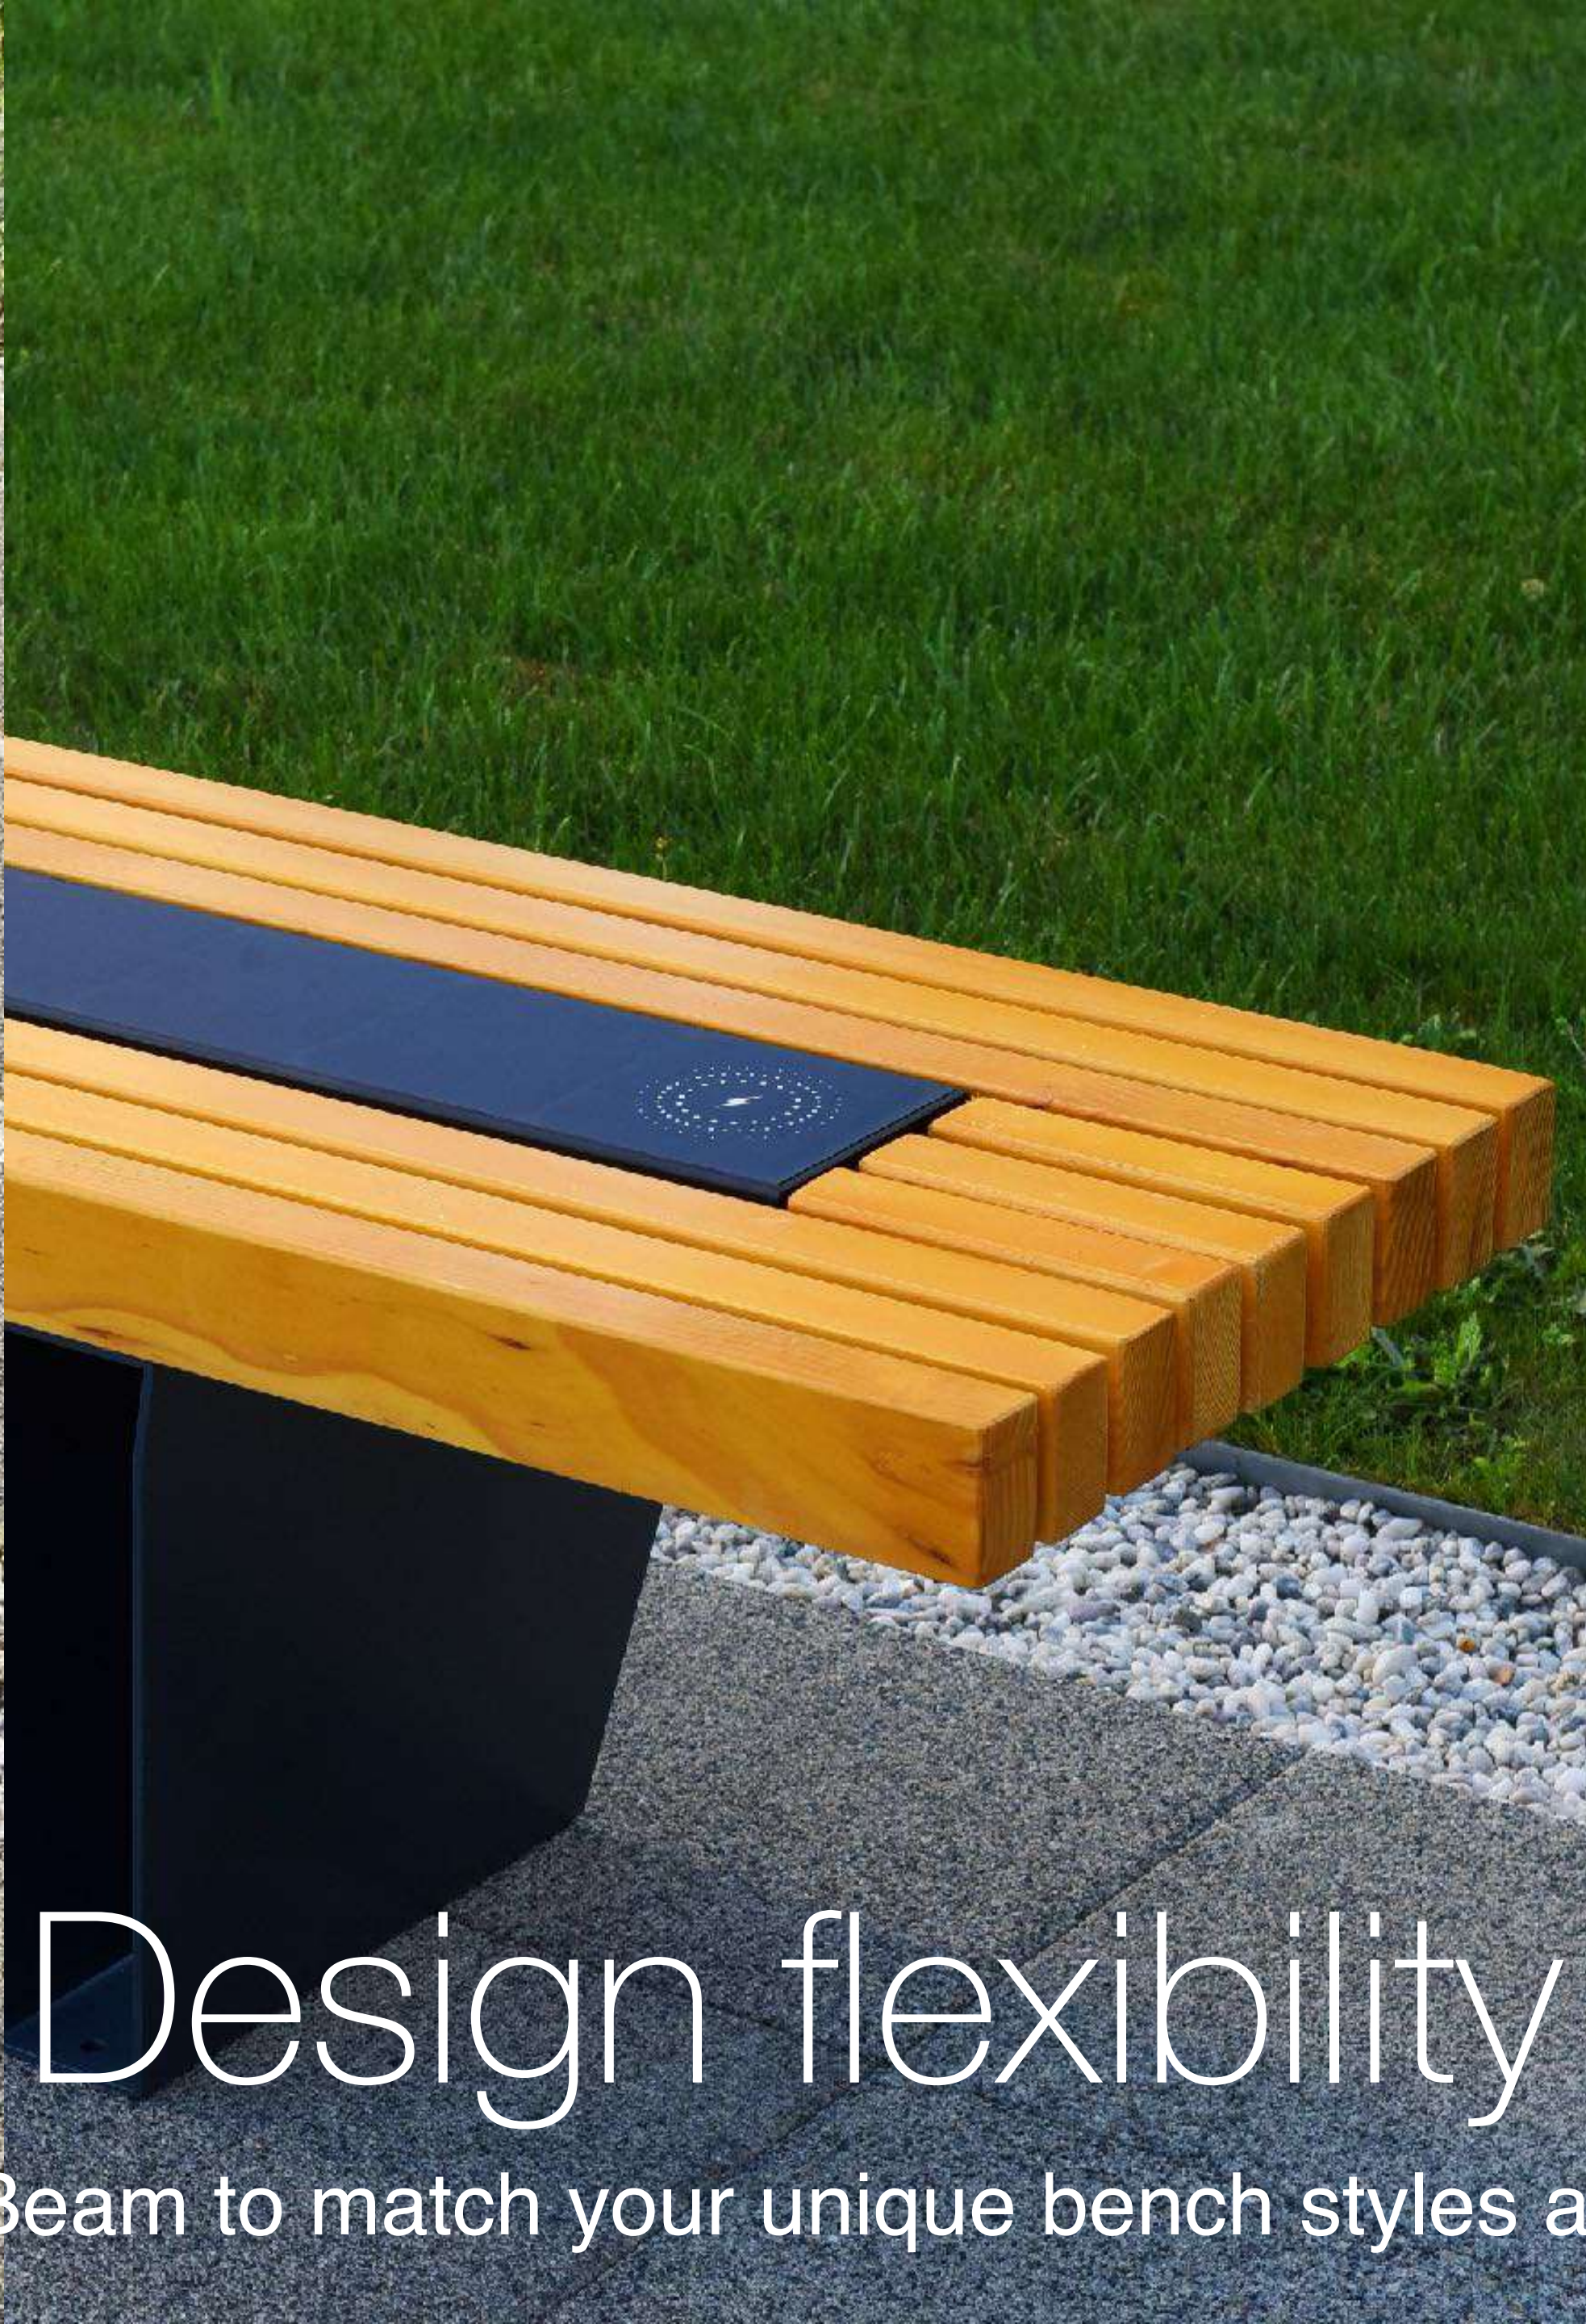

Reduce CO₂ emissions

Contribute to green initiatives with integrated solar panels, aligning with modern sustainability goals.

Convenience and Comfort

Offer users charging options, Wi-Fi, Air Quality, and intelligent LED lighting for a superior experience.

Design flexibility

Adapt the SmartBeam to match your unique bench styles and brand identity.

Smart Cities, Smarter Benches

A modern wooden bench is positioned on a waterfront deck at dusk. The deck has a dark metal railing and a wooden floor. In the background, a tall, curved skyscraper with a glass facade is illuminated, and a bridge with orange lights spans across a body of water. The sky is a deep blue with some clouds, and the water reflects the lights from the buildings and bridge.

Participate in Smart City Initiatives

Position your benches as central hubs in the connected urban landscape.

Offer Real-Time Insights:

Understand bench occupancy, usage patterns, and environmental conditions.

SmartBeam Standard

- Wireless chargers
- LED Light
- Connectivity + Data plan
- GPS locating
- Solar Panel
- Battery
- Coolers

Add-ons

- USB chargers (A+C)
- Air Quality sensors
- WiFi
- Additional Battery
- Additional Solar Panel

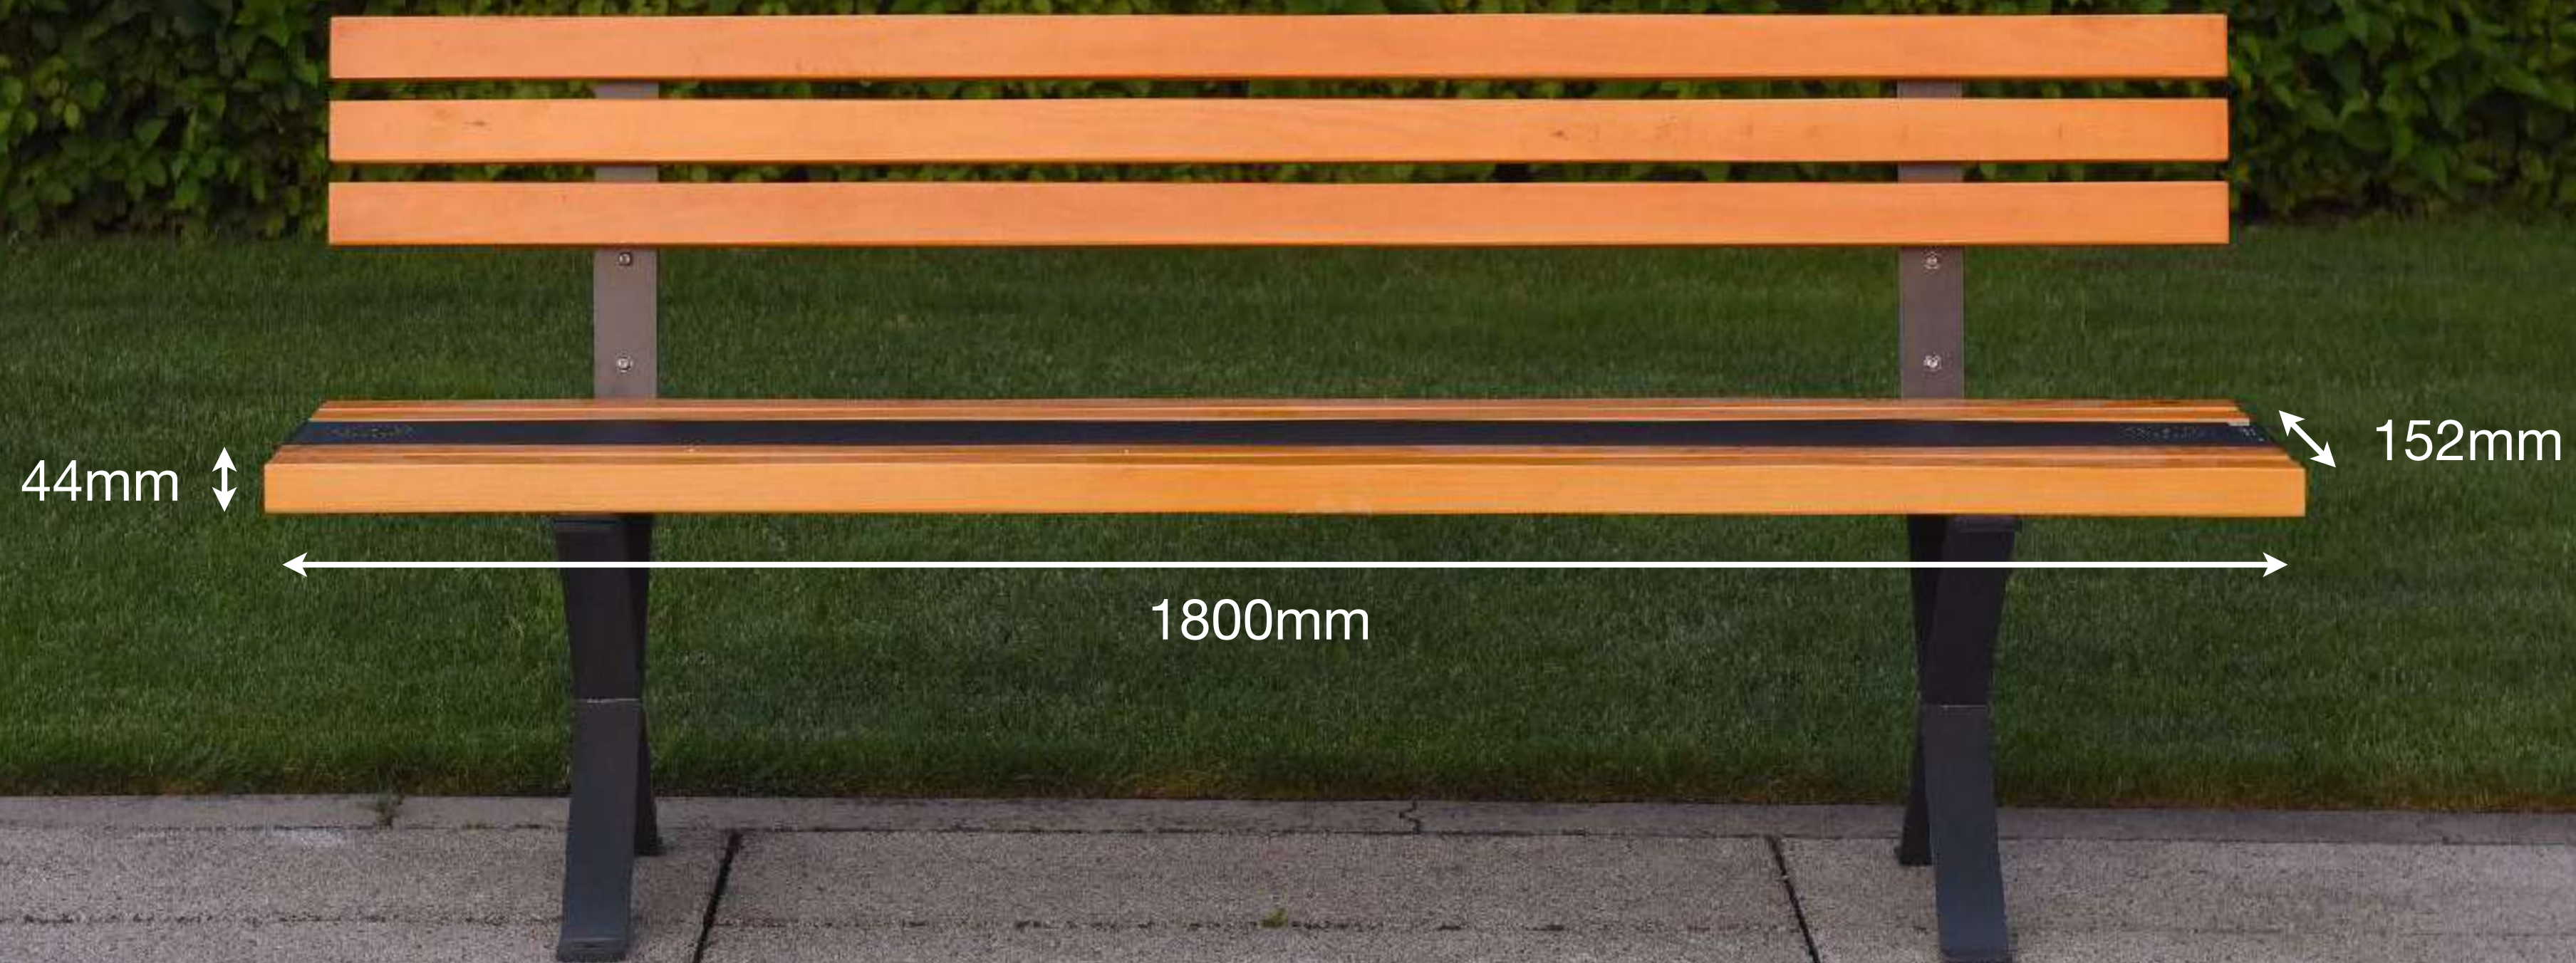

SmartBeam

Solar Power: 48W

Battery: 20Ah

Aluminium

11kg
